# AALE AADITI

***Computer Science Student | Aspiring Software Developer***

Email: aaditi5000@gmail.com
University: Gachon University | South Korea

## PROFESSIONAL SUMMARY

Motivated second-year Computer Science student at Gachon University with a foundation in programming, web development, data structures, and database systems. Experienced in developing academic software projects involving frontend development, API integration, and backend data management. Demonstrates leadership, communication, and organizational skills through student club involvement, tutoring, and volunteer activities. Seeking a software development internship to gain practical industry experience and contribute to meaningful projects.

## EDUCATION

Gachon University - South Korea
Bachelor's Degree in Computer Science
Second-Year Student
Expected Graduation: September 2029

## TECHNICAL SKILLS

Programming Languages: Python, C++
Web Technologies: HTML, CSS, JavaScript
Database: SQL
Development Tools: Git, GitHub
Computer Science Fundamentals: Data Structures, Algorithms, OOP, Database Fundamentals

## ACADEMIC PROJECTS

**Personal Portfolio Website**
• Developed a personal portfolio website using HTML, CSS, and JavaScript.
• Designed interactive sections to showcase personal information, academic work, and projects.
• Published using GitHub Pages.

**Recipe Finder Web Application**
• Developed a recipe search application using HTML, CSS, and JavaScript.
• Integrated TheMealDB API and used Tailwind CSS.

**Chat Application Backend**
• Designed a Python-based backend using Queues and Hash Maps.
• Implemented FIFO processing and message routing.

## LEADERSHIP & WORK EXPERIENCE

**Treasurer - Computer Science Club** (2023-2024)
• Supported financial management and club activities.

**Part-Time Tutor** (2024)
• Provided academic tutoring and strengthened communication and problem-solving skills.

## VOLUNTEER EXPERIENCE

**RIC Volunteer, St. Xavier's School** (2023-2024)
• Assisted with community engagement activities.

**Volunteer - 5K Event** (2025)
• Assisted with event coordination and participant support.

## LANGUAGES

English, Korean, Nepali, Hindi

## AREAS OF INTEREST

Software Development | Web Development | Backend Development | Data Structures & Algorithms | Database Systems
